Please Note: Not Medical Grade Face Masks

Per the Centers for Disease Control (CDC) recommendation regarding health care professionals (HCPs) use of homemade masks:

HCP use of homemade masks: In settings where facemasks are not available, HCP might use homemade masks (e.g., bandana, scarf) for care of patients with COVID-19 as a last resort. However, homemade masks are not considered PPE, since their capability to protect HCP is unknown. Caution should be exercised when considering this option. Homemade masks should ideally be used in combination with a face shield that covers the entire front (that extends to the chin or below) and sides of the face.

FABRIC: an assortment of our fabric blends in 100% cotton, 100% Organic cotton, 50% cotton 50% polyester, 50% organic 50% RPET, 50% Polyester 37% Combed Ring Spun Cotton 13% Rayon, eco triblend, 70% viscose bamboo 30% organic, 60% viscose hemp 40% organic 4.4 oz/sq yd

Country of Origin:	CHINA	FOB:	US
Production Time:	Standard: 7 Business Days After Proof Approval		

Dye-Sub Color: Dye-sublimation is a CMYK printing process, however PMS color call out is preferred as a more universal method of communicating expected printed color outcome with this printing process. PMS colors that are called out will be matched as close as possible. Exact PMS or CMYK color match not available. For BEST results, supply vector artwork and call out PMS - Solid Coated colors. Art files that are submitted as bitmap, jpg or files with gradients cannot be printed with PMS values.

Flatbed Dyesub Seam: Due to the nature of flatbed dye-sublimation, product will have a "seam" on each edge. We recommend keeping logos a 1/2" away from product edges.

Shipping Method Disclaimer: Please note, UPS has suspended guaranteed transit times on all ship methods and services for Domestic and International shipments. SnugZ will select preferred methods as instructed on purchase orders, but will not be liable for delayed deliveries due to UPS suspension of transit time guarantees.

FACE MASKS

CUSTOM

IN STOCK

SAFETY WITH STYLE

The CDC recommends the use of Cloth Face Coverings to help slow down the spread of Covid-19.

This high quality face mask was designed for protection and comfort. The two thick layers made with 100% polyester adds comfort and the straps loop behind your head eliminating ear discomfort. Easily adjustable for all head sizes and machine washable. This Mask is not medically rated so take safety measures when in public.

- Cloth masks may be effective in blocking splashes and large-particle droplets.
- Cloth masks may also help reduce exposure of your saliva and respiratory secretions to others.
- Note that the edges of the mask are not designed to form a seal around the nose and mouth.

FEATURES

- Premium material printed & sewn together in the USA.
 - Two layers thick for additional protection.
- Fastens behind the head to eliminate ear irritation.
 - Adjustable straps for all head sizes.
 - Washable and Reusable.
 - Made from 100% polyester.

SPECIFICATIONS

- Print style: All Over Sublimation
- Size: Approx 8.5" wide x 5.5" tall
